THIS CAUSE came on this 26th day of March, 1991, upon
application of ANR Production Company requesting a variance
from statewide spacing requirements in Section 45.1-361.17 of
the Code of Virginia for Well Number 10929 (CO V8#4), VGOB
#0219-82, located in the Lipps Magisterial District of Wise
County, Virginia. ANR Production Company requests this Board's
consent to permit Well Number 10929 (CO V8#4) closer than 2,640
feet to ANR Production Company Well Numbers 10923 (CO V8#3) and
10930 (CO V8#7). ANR Production Company was represented by
Richard A. Counts, Esquire, P. O. Box 298, Kingsport, TN
37662-0298.

The Board, having hearing the testimony and reviewed the
exhibits of ANR Production Company, finds as follows:

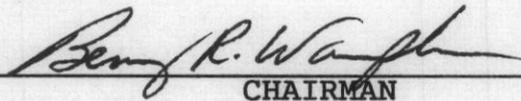

1991
1. ANR Production Company has previously permitted Well
Numbers 10923 (CO V8#3) and 10930 (CO V8#7) in the Lipps
Magisterial District of Wise County.

2. ANR Production Company proposes to permit Well 10929
(CO V8#4) at a location within 1,829.50 feet of the previously
drilled Well Number 10923 (CO V8#3) and 2,043.77 feet of the
previously permitted Well number 10930 (CO V8#7). ANR

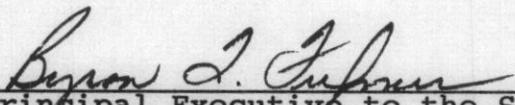

Production Company has demonstrated to the satisfaction of the Board that due to topographical considerations and the Environmental Impact Study of the U. S. Forest Service, the proposed well location represents an appropriate drill site.

Accordingly, it is the Order of this Board that ANR Production Company be allowed to permit Well 10929 (CO V8#4) within 1,829.50 feet of the previously permitted Well Number 10923 (CO V8#3) and 2,043.77 feet of the previously drilled Well Number 10930 (CO V8#7).

All members present and in agreement done and executed this
9th day of April, 1991.
