

V I R G I N I A:

Application of ANR Production Company
for Exception to Statewide Spacing on
Well Number 10911, CO U8#6 in the
Lipps Magisterial District of
Wise County, Virginia

THIS CAUSE came on this 26th day of March, 1991, upon application of ANR Production Company requesting a variance from statewide spacing requirements in Section 45.1-361.17 of the Code of Virginia for Well Number 10911 (CO U8#6), VGOB #0326-98, located in the Lipps Magisterial District of Wise County, Virginia. ANR Production Company requests this Board's consent to permit Well Number 10911 (CO U8#6) closer than 2,640 feet to ANR Well Number 10917 (CO V8#1). ANR Production Company was represented by Richard A. Counts, Esquire, P. O. Box 298, Kingsport, TN 37662-0298.

The Board, having hearing the testimony and reviewed the exhibits of ANR Production Company, finds as follows:

1. ANR Production Company has previously permitted Well 10917 (CO V8#1) in the Lipps District of Wise County.
2. ANR Production Company proposes to permit Well 10911 (CO U8#6) at a location within 2,074.16 feet of the previously permitted Well 10917 (CO V8#1). ANR Production Company has demonstrated to the satisfaction of the Board that due to topographical considerations and the Environmental Impact Study performed by the U. S. Forest Service, the proposed well location represents an appropriate drill site.

Accordingly, it is the Order of this Board that ANR Production Company be allowed to permit Well 10911 (CO U8#6) within 2,074.16 feet of the previously permitted ANR Well Number 10917 (CO V8#1).

All members present and in agreement done and executed this 10th day of April, 1991.

Benny R. Wampler
