

surface and total depth projected to be drilled, the proposed location exception represents the optimum location to recover commercially productive hydrocarbons underlying the drilling and spacing unit.

A qualified landman testified that the location exception was necessary to comply with an Environmental Impact Statement and Environmental Assessment conducted upon United States Forest Service lands within the Jefferson National Forest. The landman also testified that the location exception was necessary due to environmental constraints, accommodation of other mineral interests and effective land management practices.

A qualified petroleum geologist testified that the granting of the location exception was in the best interest of preventing waste, protecting correlative rights and maximizing recovery of hydrocarbons underlying the drilling and spacing unit.

7. Relief Granted: The requested relief in this cause be and hereby is granted allowing the applicant to permit and drill Well Number VP-2325 within 2465.64 feet of Well Number V-2343.

8. Findings: That the well location exception, in accordance with the foregoing, is necessary to prevent waste, protect correlative rights and to generally effect the purposes of the Virginia Gas and Oil Act.

9. Effective Date: This Order shall be effective on the date of its execution.

10. Done and executed this 7<sup>th</sup> day of May, 1992, by a majority of the Virginia Gas and Oil Board.
