

**Virginia Department of Mines Minerals and Energy  
Division of Geology and Mineral Resources  
2011 Geologic Research Symposium**

The Virginia Division of Geology and Mineral Resources (DGMR) is pleased to solicit interested parties for talks or posters for the 2011 Virginia Geologic Research Symposium to be held on April 14th, 2011, at the DGMR office in the Natural Resources Building, 900 Natural Resource Drive, Charlottesville, Virginia, 22903.

The Virginia Geologic Research Symposium is an opportunity for geologists working in Virginia to gather, network and present new, developing, innovative, or potential research projects based around the geology of Virginia. We are tentatively offering two Technical Sessions, one Breakout Session, and one Poster Session.

If you are interested in presenting either a technical session talk or a poster or in facilitating a breakout session, please email David Spears at [david.spears@dmme.virginia.gov](mailto:david.spears@dmme.virginia.gov) and include your interest and:

**Presenter**  
**Title**  
**Association**  
**Preferred time**

**Technical Sessions** will be a total of 20 minutes. We suggest 15 minute presentations and 3 minutes for questions and answers. And PowerPoint is the preferable format

**Poster Sessions** will a one hour block with no talks at that time, so assume you'll be there the full hour. Posters should be no larger than 4' x 8'.
